|                           |                                                      |
|---------------------------|------------------------------------------------------|
| Kategori Produk           | TRAFO ARUS                                           |
| Product Category          | Current Transformer                                  |
| Nama Produk               | MSC-812 1200/5A                                      |
| Product Name              | MSC-812 1200/5A                                      |
| Rasio Arus Trafo          | 1200/5A                                              |
| Current Transformer Ratio | 1200/5A                                              |
| Dimensi Pemasangan        | 80 X 120                                             |
| Installing dimensions     | 80 X 120                                             |
| Kelas Akurasi             | 1                                                    |
| Accuracy Class            | 1                                                    |
| Beban (VA)                | 10 VA                                                |
| Burden (VA)               | 10 VA                                                |
| Frekuensi (HZ)            | 50 - 400 Hz                                          |
| Frequency (HZ)            | 50 - 400 Hz                                          |
| Input (A)                 | 5A - 1200A                                           |
| Rated Input (A)           | 5A - 1200A                                           |
| Batas Ukur                | 5%In - 120%In                                        |
| Measuring Range           | 5%In - 120%In                                        |
| Output (A)                | 0-5 A                                                |
| Rated Output (A)          | 0-5 A                                                |
| Bahan Kerangka            | PC/UL94-V0 (Latilon thermoplastics or polycarbonate) |
| Case Material             | PC/UL94-V0 (Latilon thermoplastics or polycarbonate) |
| Bobbin Material           | PBT (Polybutylene terephthalate)                     |
| Core Material             | Silicon Steel                                        |
| Suhu Operasional          | -25°C ~ +75°C                                        |
| Operating Temperature     | -25°C ~ +75°C                                        |
| Warna                     | Hitam                                                |
| Colour                    | Black                                                |
| Standar                   | IEC61869-2                                           |
| standards                 | IEC61869-2                                           |
| Berat Bersih              | 1315 g                                               |
| Net Weight                | 1315 g                                               |

## Kemasan

### Packing

|                            |         |
|----------------------------|---------|
| Jenis Unit Kemasan 1       | PC      |
| Unit Type in Package 1     | PC      |
| Jumlah Unit Kemasan 1      | 1       |
| Unit Quantity in Package 1 | 1       |
| Berat Kemasan 1            | 1317 gr |
| Package 1 Weight           | 1317 gr |
| Tinggi Kemasan 1           | 200 mm  |
| Package 1 Height           | 200 mm  |
| Lebar Kemasan 1            | -       |
| Package 1 Width            | -       |
| Panjang Kemasan 1          | 155 mm  |
| Package 1 Length           | 155 mm  |
